Management Team

Robert Carlson

President

Mr. Carlson is a Vietnam Service Disabled Veteran and has been in the construction business as an owner/operator for over 30 years. He is experienced in all facets of the industry from administration to field work. He honed his leadership skills as a member of the Marine Corps during the Vietnam War. He has a Bachelors Degree from Penn State University in Accounting and Business Management and has attended various seminars for continuing education.

Chris Mantle

Field Operations

Mr. Mantle, with over 20 years experience in the construction industry, manages the field operations. Chris gained practical experience through a "hands on" approach encompassing all phases of construction. He has served as a field superintendent for many years in the window industry. The field experience he has gained allows him to quickly and efficiently find and solve any unforeseen issues that arise during the installation process.

Michael George

General Manager, Project Manager/Estimator

Mr. George has been in the industry for over 25 years. He started as a basic shop laborer and worked his way up to general foreman and then onto the administrative end of construction as an estimator and project manager. His hands-on experience has allowed him to be fully involved in all aspects of a project from design to final completion and close-out.

Timothy Houle

Estimator/Project Manager

Mr. Houle has strengthened our technical department with his extensive knowledge of CAD drafting and design. His detail-oriented approach to design assessment and field measuring has led to a smooth transition from the administrative aspects of a project to the field work, resulting in minimal issues, delays and punch list work.
